LIFELONG LEARNING

The Clermont County Public Library fosters a culture of lifelong learning. We model the way through our own commitment to continuous improvement. We provide the materials, programs, and inspiration that lead others to embrace this culture of learning, beginning when they are born and continuing throughout their lifetimes.

GOAL

Educational programs of the Clermont County Public Library are widely attended, achieve measurable educational outcomes, and meet the needs of all ages:

- Early Learners
- Youth
- Teens
- Young Professionals
- Adults
- Seniors

COMMUNITY CENTER

Whether the need is for Makerspaces, a comfortable reading area that encourages lingering, or meeting rooms with technology and access to Wi-Fi, the Clermont County Public Library creates an environment in each community it serves that reflects that community's unique needs and character. Whether the library fills a stand-alone physical space, a shared space, or a virtual space, community residents are drawn to their Library to obtain resources, to read, to gather in groups, and to learn.

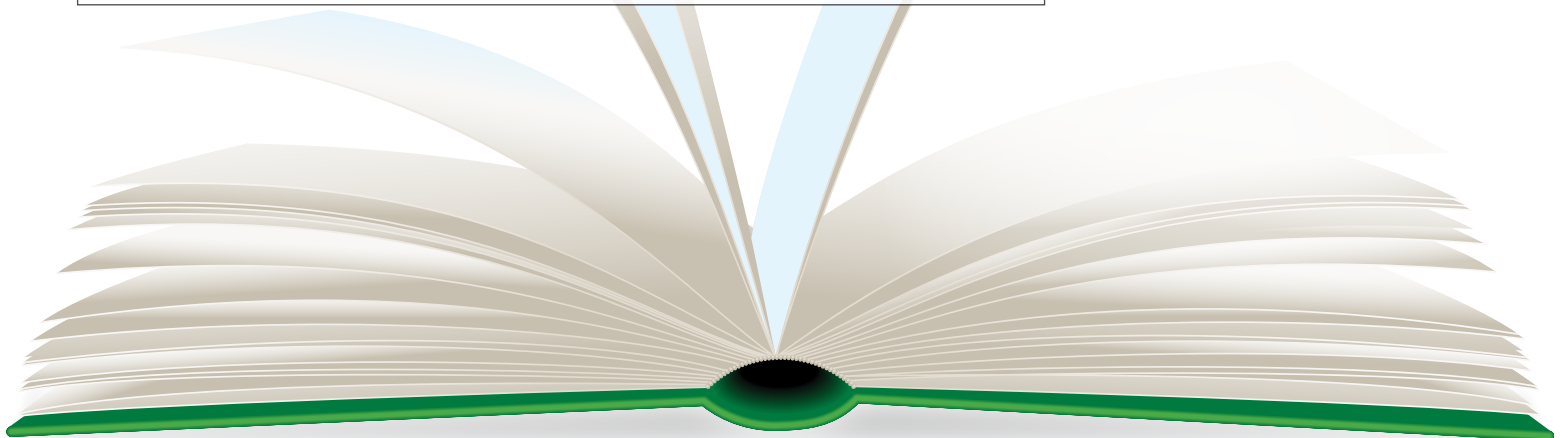

GOAL

Physical locations maximize resources, connect residents with all programs and services, and project a welcoming learning environment.

GOAL

Digital relevance – the library is responsive to the demand for virtual access, connecting people in a virtual community center and assuring that library materials, resources, services, and programs are within reach of all Clermont County residents, including those who lack access to a physical site.

VISIBILITY: KNOWN, OWNED, CELEBRATED

Residents of Clermont County know their Public Library is one of the best in the country and are proud of the successes it has achieved. These successes lead to strong community partnerships and a sense of ownership across Clermont County. Residents are confident that their Library will continue to operate as the best in its field.

GOAL

100 percent of the population is aware of the services and programs offered by the Clermont County Public Library.

GOAL

All services and programs of the Clermont County Public Library are utilized and filled to capacity.
